### Help the Homeless and Those in Need Vacation Bible School Mission Project

Have you ever experienced not being able to brush your teeth or take a shower and it makes you feel really bad? Well, the homeless and the financially disadvantaged many times are unable to care for their personal hygiene needs because they lack some basic supplies. Please consider choosing the City Rescue Mission as your VBS Mission project and help the homeless and needy of Western Pennsylvania by collecting personal hygiene products. Help your VBS participants learn to care for others. *See Matthew 25:40.*
